

Manage Public Outreach and Stakeholders on the go.

EngagEssentials

Discover...EngagEssentials
Public Outreach and Stakeholder Management on the go.

EngagEssentials provides a set of robust tools that allow you to collect and manage stakeholder information when you are mobile. Forget paper comment cards....our software allows you to search for your stakeholders, add contacts and follow-ups all in real-time.

EngagEssentials is an optimized mobile version of EngagEnterprise that provides tools you need to capture and record stakeholder comments while at public meetings or anywhere your project takes you.
